# TERMS OF SALE

## ALL FLOOR BIDS ARE FINAL

This is a public and mail bid auction sale. All material is sold to the highest bidder without reserve or restrictions. Mail Bids are entered in the order received -- in the event of duplicate bids the lot is awarded to the first bid received. Please fill in completely all information requested on the Bid Sheet!

### GUARANTEE

All material offered is guaranteed genuine and as described, unless otherwise stated in catalog. AUCTION SALES ARE NOT APPROVAL SALES! Any claim of error must be made within three days after receipt of material.

### TO MAIL BIDDERS

NO "BUY" OR UNLIMITED BIDS will be accepted. We act as your agent and purchase for you as much below your bid as the next highest bid will permit. No commission is charged for handling your bids.

### VALUATION

To assist bidders, we have indicated an estimated retail price on most lots based on "Trends," reference books (catalogs), and recent auction records. This is merely an ESTIMATE, in no way indicating the price the lot will actually realize -- as higher or lower prices may prevail.

### PAYMENT

The terms of this sale are strictly CASH! Payment is to be made immediately upon receipt of material or notification. AUCTION SALES ARE NOT APPROVAL SALES! NOTE: Ohio residents will be charged 4% Ohio State Sales Tax. Postage and insurance will be added to your invoice.

### REFERENCES AND DEPOSITS

If bidders do not have credit established with our firm in the total amount of their bids, then complete and satisfactory credit references must be supplied. Otherwise, a 25% deposit of the bids will be required. We reserve the right to demand payment before delivery of purchases when such amount exceeds the amount of established credit.

ALL BIDS TO BE FOR THE ENTIRE LOT - NOT BY THE PIECE

Mail Bids for this Sale must reach our office in Englewood, Ohio ON OR BEFORE WEDNESDAY, OCTOBER 29, 1969. Late Bid Sheets may be mailed direct to Paramount International, c/o the McAlpin Hotel, 34th & Broadway, New York, New York 10001. A post-paid envelope is enclosed for your convenience.

### INSTRUCTIONS FOR MAIL BIDDERS

If you have never before bid by mail, you may feel somewhat at a loss in submitting a mail bid for an auction sale. Basically, however, the procedure is quite simple. You will notice on the enclosed Bid Sheet a place for entering the Lot Number as well as the amount you wish to bid. (It is not necessary to describe the Lot on which you are bidding). After carefully reading the description of the Lot in question, simply write down the Lot Number and the maximum amount you are willing to pay in the appropriate columns. For example, let's assume you are interested in bidding on Lot No. 193. Determine the maximum price you will pay for this Lot, and enter this amount on the Bid Sheet as follows:

NO.	BID
193	\$85.00

You will note we have used the term "maximum amount" above. The bid which you enter is the "maximum amount" or top price you will pay for a lot. However, there is always the chance you may obtain the lot for less! As indicated in our "Terms of Sale," we act as your agent and execute your bids as if you were there in person at the Sale. We will buy the Lot for you as cheaply as possible over the next highest bid. In other words, if your bid, for example, is \$95.00 on Lot No. 193 and the next highest bid, whether by mail or floor, is only \$75.00, the Lot would be awarded to you at \$80.00 -- or a nominal 5% to 10% increase over the next highest bid.

Before entering your bids, please read very carefully our "TERMS OF SALE." And if you have any questions regarding bidding or regarding the Sale itself, drop us a line and we will reply at once. Bidding by mail permits the individual to participate in the auction sale just as though he were able to attend the Sale in person. Many bargains are obtained through the medium of auction sales, and it can be a very exciting as well as rewarding method of obtaining needed items for your collection. We look forward to your participation in this as well as future Sales.

### Quantitative Grading

You will notice as you leaf through this catalog that we are now using the QUANTITATIVE GRADING method of describing most of the lots in this Sale. This is to help you, the bidder, to know more precisely the condition of a coin. It works like this: If a consigned coin just meets the minimum requirements to qualify, for example, Very Fine by Brown & Dunn standards, that coin will be listed as VF-20. If the coin is better than minimum, it would be listed as VF-25. If it is what normally would be listed as Very Fine to Extremely Fine, the coin would be designated as VF-30. The following numbering system is employed in this scale:

Very Fair.....	3	Very Fine.....	20-30
Good.....	4-6	Ext. Fine.....	40-45
Very Good.....	7-10	About Unc.....	50-55
Fine.....	12-15	Uncirculated.....	60-70

We believe this grading system will be beneficial to you, and your reaction and comments would be appreciated.

	<b>FOOD AND AGRICULTURE ORGANIZATION OF THE UNITED NATIONS</b> <b>ORGANISATION DES NATIONS UNIES POUR L'ALIMENTATION ET L'AGRICULTURE</b> <b>ORGANIZACION DE LAS NACIONES UNIDAS PARA LA AGRICULTURA Y LA ALIMENTACION</b>	<b>FAO</b> <b>COIN PLAN</b> <b>1968-1970</b>
--	--	--

## FOOD IS A WORLD PROBLEM

With a rapidly exploding population and a gradual shrinking land base for food production, the whole of humanity faces a food problem.

## HUNGER IS REAL

Malthus' dire predictions may not come to pass in its entirety but he was near enough right that ONE HALF of the people of the world go to sleep many don't have a bed hungry every night!

## THE NEED IS GREAT

The problem of hunger and underdevelopment is of such scope that any solution will require the concerted effort of all willing nations over the period of several decades.

## BUT A START IS BEING MADE

Many countries throughout the world have joined the United Nations Food and Agriculture Organization, FAO, in issuing coins with a theme featuring food and agriculture to combat hunger. A fine example is one of the Order of Malta coins which feature the symbolic hand clasp and the world globe. All coins are available by subscription to the FAO Coin Album, in a strictly limited edition of only 20,000 albums.

## THE PROCEEDS WILL COMBAT HUNGER

The cooperating nations will use their seigniorage profits to alleviate hunger directly. The United Nations will use its share of the proceeds in research in food production and thus try to find solutions for the long term.

## ELEVEN DIFFERENT COUNTRIES ARE REPRESENTED IN THE FAO COIN ALBUM

Included in the first two pages are eight commemorative coins of the Vatican City; two from the Sovereign Military Order of Malta, and one each from Viet Nam, Burundi, Nepal, Lebanon, Uganda, Sudan, Bolivia, Ceylon and Syria. Three of the coins in this first issue are of silver. Nepal 10 rupees, Malta three scudi and Vatican City 500 lire. Sixty other countries are in various stages of consideration. The album is designed to include additional pages from other countries as they become available. Additional pages will cost between \$8.00 and \$12.00 depending on number of coins per page.

## A BONANZA FOR NUMISMATISTS

All of the coins issued in the FAO Coin Plan are new issues and types — a must for type collectors!

## THE UNITED NATIONS FAO HAS APPOINTED PARAMOUNT

Paramount has an allocation which is limited to only 18,000 coin albums for the distribution in North America. This is not sufficient to deliver one coin album to each of its own customers!

## RAPID SELLOUT IS EXPECTED

The issue of FAO Coin Albums is strictly limited to 20,000 albums. Compare this with the over three million 1969 U.S. Proof Sets which were sold out in six days and it is readily understandable to expect a rapid sellout on the FAO Coin Albums. If you want to be one of the participants in this program send in your order immediately!

## MEMO

## FUTURE SALE

Our next Auction Sale will be here in Dayton around the first of February. We will start writing the catalog for this sale December 1st.

If you have coins to sell, this would be an advantageous time to dispose of them, whether it's a large collection or a small one; whether they are duplicates or an accumulation of salable items. And if your coin holdings are extensive, comprising an extremely large collection, and would warrant it, we will build an auction sale around your material.

We have found that recent auction sales - particularly those which we have conducted - have been extremely well received, a fact attested to by our most recent A.N.A. Sale in Philadelphia. Attendance and floor action at this Sale was greater than at any previous sale conducted by our firm and prices realized were far above average, with many items bringing over catalog. This unprecedented floor and mail action was not only on U. S. material but on foreign as well, all of which is now a matter of record.

With the elevation of the auction sale to a new level in coin disposition, we urge you to take advantage of this proven and successful method of selling and let PARAMOUNT handle your collection with the assurance that it will be exposed to the greatest number of buyers, thus realizing the best possible results for you.

Our commission rates are reasonable - very reasonable - another important facet of PARAMOUNT'S auction sales keyed to net you a higher return.

We are now accepting consignments for this big mid-winter Sale and would like to hear from you either by letter or telephone call. Write us today so that we may plan on the inclusion of your material in our February Sale.
